PADI - Open Water Scuba Course

Atlantis Outfitters offers a beginning Scuba Diving Course that makes it fun and surprisingly easy to learn to Scuba Dive. All of our courses are approved by the Professional Association of Diving Instructors (PADI), the world's largest training organization. We emphasize quality instruction through smaller classes and individualized attention. Let us introduce you to the beauty & adventure of the underwater world. To enroll in a class or for more information, please feel free to contact us or stop by the store.

OPTION 1: The Original PADI Open Water Course - Course Fee of \$296.30 includes:

(This does NOT include the open water training dives, see below for those fees)

- Classroom & Pool Sessions (\$225.00)
- Student Kit (\$71.30) - which includes:
 - PADI Text book
 - PADI Student Record File
 - PADI Electronic Recreational Dive Planner - Multi level (E-RDPML)
 - PADI Divers Log Book
- Use of ALL Scuba equipment for pool sessions, excluding mask, fins and snorkel (to be purchase by student).
- An additional "refundable" Video Deposit of \$25.00 is required for use of the DVD (which is required to be viewed PRIOR to the classroom sessions) and will be refunded to the student upon return of the DVD to Atlantis Outfitters.

Registration:

We require a \$50.00 deposit (of the above course fee) to hold your place in class. The course fees are **non-refundable**, but are transferable if you need to change class dates.

Dates and Times:

You need to be at the store promptly at 6 PM on Friday and at the times that your instructor tells you for Saturday and Sunday. This class is arranged in 5 modules, which must be completed in order. Friday's session must be completed first, followed by Saturday, followed by Sunday. You may be required to come in on an evening after your classroom and pool for a personal consultation with your instructor.

Home study:

You need to read the textbook completely and do the five knowledge reviews at the end of each chapter. Start at the beginning, read the introduction, and do the quick quizzes as you go along. This will help you when you do the knowledge reviews. Do not hand in a blank piece of paper with just the answers; we will need to collect your knowledge reviews for your student file. Please have these ready to review during the classroom sessions. This homework needs to be completed **before** you come to class on Friday evening. During the classroom, you will have a quiz after each of the first four chapters and a final exam after the last chapter.

Forms:

You must completely fill out a student record file, liability release, Safe Diving Practices and Medical Statement at the time of registration. If you are a minor, you must also have your parent or guardian sign in all the sections where you have signed. Medical forms must be filled in with the words YES or NO spelled out. If you have a YES answer, that does not mean you cannot dive or take the class, but it does mean that we will need to have a PADI Medical Form filled out and signed by your doctor PRIOR to participation in the pool sessions. There can be no exceptions.

Equipment:

We provide all the equipment you need for either of the course formats above , except Mask, Fins and Snorkel. If you purchase these items from Atlantis Outfitters, you will receive a 10% student discount. If you have equipment you have already purchased, we will need to see the equipment on Friday evening to be sure it is suitable for scuba
